

BFI AIRPORT ADVISORY

DATE: August 30, 2006

TO: King County International Airport Tenants
distributed by e-mail and fax

FROM: Robert I. Burke, AAE, Airport Director

SUBJECT: RUNWAY 13R/31L CONSTRUCTION UPDATE

Runway 13R/31L opened without incident shortly after 2000 (local) Monday, August 28. The runway is fully operational including the NAVIDS. Airport staff, contractors and consultants did a tremendous job completing the needed tasks to open the full length.

In addition, some pavement rehabilitation work and associated electrical work remains to be done immediately adjacent to the short Runway 13L/31R at Taxiways A-2, A-4, A-7 and A-8. Commencing tomorrow, **Thursday August 31 at 0700 (local)**, we will be **closing the short Runway 13L/31R**. The runway is expected to remain closed until **Saturday, September 2 at 0700 (local)**. Additionally, contractor personnel will be performing lighting, signage and painting work at various Taxiway Alpha intersections.

We wish to complete this weather-dependent pavement work as soon as possible. The continued cooperation and support of our aviation community is appreciated.

If you have any questions, please contact Rita Creighton, Community Relations and Aviation Education Program Manager at (206) 296-7431.
